Wabeno Receives WPS Grant

WABENO—The Town of Wabeno, in partnership with the Friends of Wabeno, has received a grant from the Wisconsin Public Service Foundation for park improvements in the Firefighter's Grounds. These improvements are part of Phase 2 of the barrier free boardwalk and trail along the North Branch of the Oconto River and Range Line Creek. WPS Foundation's continued support is most appreciated. Individuals interested in learning more about the Boardwalk project and other activities are invited to attend the monthly Friends of Wabeno Project. The next Friends meeting is September 10th, 7pm at the Wabeno Town Hall.

The Friends are looking for volunteers interested in helping plan and landscape native shoreline plants along the boardwalk and trail. Volunteers also needed to begin planning the 2nd annual Wabeno Art and Music Fest for 2016. If interested in either, contact Mary Beck at 608-628-0757 or mfbeck@charter.net.

Come lend your voice and talents to your community. The Friends of Wabeno meetings are open meetings and as always, all residents, business owners, and elected officials of Wabeno, Carter, Blackwell and Freedom are invited to the meetings
